PROFILE

Results-driven computer science graduate with a second-class upper degree and a strong focus on front-end technologies, including React.js and Next.js. Equipped with a solid foundation in software development principles and a passion for creating engaging and user-friendly web applications. Highly motivated and dedicated to continuous learning and improvement in the field of software development. Seeking a challenging role in front-end development to contribute skills and creativity to cutting-edge projects while continuously growing as a software developer.

EMPLOYMENT HISTORY

Freelance Web Developer

Nov 2021 — Present

- Demonstrate expertise in translating client requirements into functional and visually appealing websites
- Committed to staying updated with the latest industry trends and technologies to deliver cutting-edge solutions
- Seek challenging freelance opportunities to leverage skills and creativity in delivering exceptional web development services.

Software Engineering Intern, Humber Technologie Limited

Lagos

Jun 2021 — Oct 2021

- Developed strong problem-solving and debugging skills, enabling the identification and resolution of front-end issues, ensuring a smooth and error-free browsing experience across various browsers and devices.
- Collaborated effectively with colleagues on innovative projects, leading to efficient teamwork and streamlined development processes.
- Proactively stayed up-to-date with the latest trends and advancements in front-end web development through continuous learning, interaction with senior developers and online courses, resulting in the ability to leverage cutting-edge tools and techniques in web development projects.

Lead Graphics Designer, 3Tees & MT Nigeria Limited

Lagos

Sep 2017 — Feb 2018

- Collaborated closely with author and editors, to create visually captivating illustrations and interior layouts for a book for senior secondary school.
- Utilized CorelDraw to develop high-quality graphics, illustrations, and typographic elements for book cover and layouts.
- Worked closely with printers and the production team to ensure accurate implementation of design specifications and quality control throughout the printing process.
